### ADLER-ROCHESTER Clothes

Few soldiers know their Colonel. It is his mark of rank they salute.

In the business trenches a man's only visible mark of rank is his attire.

Notice the captains of industry, the majors of merchandising, the colonels of commerce—they look the part, as well as perform it. Proper dress is a part of their business equipment. Can you afford them a handicap in the matter of appearance?

You don't need to. You can meet them on common ground in this regard, if you wear Adler-Rochester Clothes. They are styled to big affairs, to prosperous circles, to successful presence.

We specialize Arrow Shirts, Keiser Neckwear Stetson Hats.
